

Loaded nachos vegan

NovaTaste - IFFA 2025

Plant-based meets ready meals

Vegan, yes - but with original taste, please

- the use of ground meat is very simple and versatile
- of course, this also applies to plant-based alternatives
- texture/appearance similar to ground meat
- application like ground meat: from burgers and meatballs to pasta dishes, chili con carne and more
- simple preparation thanks to complete mixture

„Innovation with taste“
