NovaTaste - IFFA 2025

Refining cheese

It couldn't be easier

- Cheese products also can be something special
- Deco Quick® spice coatings are an easy way to refine them
- Top-quality herbs and spices are applied easily, quickly and cleanly
- This is not only easy, but also reliable and successful
- Only the flavoring components need to be declared
- This allows cheese specialties to be created that stand out from the offerings of others
